RE: Authentic Taekwon Do Australia

Dear Master Moore

The ITF is pleased to inform you the application presented by yourself on behalf of Authentic Taekwon Do Australia has been accepted.

The level of membership you have been accepted at is that of an Independent National Organisation (INO). The status of an INO allows Authentic TKD Australia to administrate direct with the ITF administration offices based in Canada and the UK, In addition to administration the selection of a National Team for World and Continental Championships will be the responsibility of all registered INO'S within Australia.

As there is another registered INO within Australia, the ITF will expect both groups to liase with each other for these selection processes and any other events that could or will be best delivered with the input of both INO'S.

The ITF is confident Authentic Taekwon Do will operate within the current ITF code of practice along with upholding our rules and regulations.

The ITF has issued number 223 as your point of reference for all correspondence to our offices, a password and number will be forwarded to you from our IT dept allowing you to update Authentic TKD'S profile.

At this time on behalf of Master Choi and the ITF welcome and personally look forward to meeting with both yourself and your group in Melbourne for the World Championships.

Taekwon

Trevor Nicholls  
ITF Administration
